

# WHO'S GOING TO TAKE THE HEAT

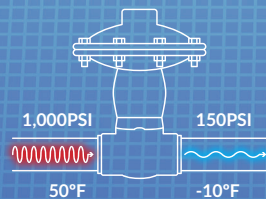

## WHEN THE GAS STOPS FLOWING?

Prevent equipment damage and costly delays with Catco catalytic heaters.

### PREVENT FREEZING

Valves can freeze when the pressure of the gas flowing through them is cut. The resulting ice can cause equipment malfunctions and production downtime.

### SAVE TIME AND MONEY

Production Delays

Catco Catalytic Heaters

#### WHY TAKE THE RISK?

The solution is inexpensive and easy.

### MAINTAIN SAFETY

Catco catalytic heaters have an outstanding track record of safety. They're ideal solutions for the oil & gas industry because they never require or produce a flame or spark during any phase of their operation.

Flameless & Non-Combustible

Approved for use in Class I, Division 1 and Division 2 hazardous environments

### REST EASY

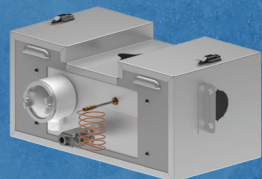

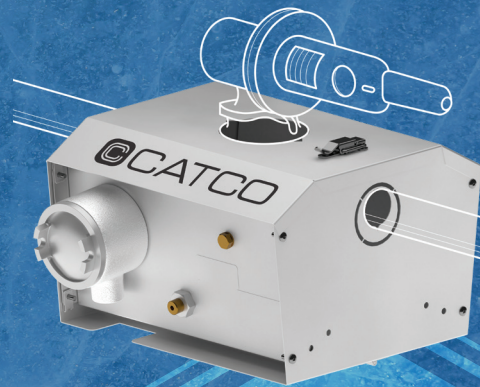

You know how it goes. When something goes wrong, it happens at the worst possible time. But with Catco catalytic heaters keeping your critical equipment warm, you can avoid the late-night surprises.

No more middle-of-the-night emergencies

# HEATED ENCLOSURE PACKAGES

To protect valves and regulators from harsh conditions and pressure-related freezing.

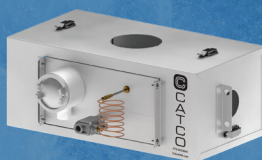

71-175A: Flanged 2" 627 regulators

71-015A: 1" or 2" NPT 627 and 630 regulators

71-035A: 2" NPT control valves

71-083A: 2" chokes

71-067A: 2" flanged control valves

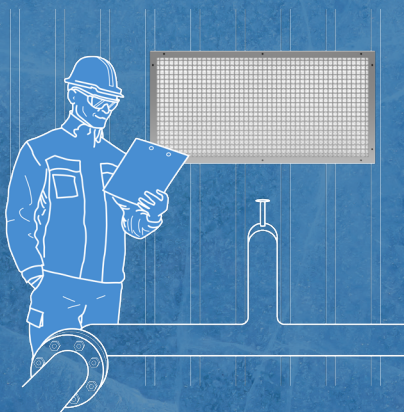

71-050A: 1" NPT control valves

**DON'T SEE WHAT YOU NEED HERE?**

*In addition to these common enclosures, we have hundreds of standard units, or we can build a custom enclosure for any valve or regulator.*

## SPACE HEATERS

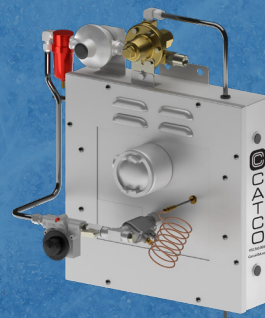

To safely heat your critical equipment and personnel in cold environments.

Heater Size	BTU Rating
6" x 6"	1,500 BTU/hr
12" x 12"	6,000 BTU/hr
12" x 24"	12,000 BTU/hr
12" x 36"	18,000 BTU/hr
18" x 36"	27,000 BTU/hr
24" x 48"	48,000 BTU/hr
24" x 60"	60,000 BTU/hr

## INSTRUMENT GAS HEATERS

To provide heated supply gas for pilot-operated regulators, control valves and other instrumentation.

## DON'T GET LEFT OUT IN THE COLD.
